The Supdt Complains that the procedure referred to above has resulted in not only additional Clerical labour but also unnecessary delay and laborious Correspondence. Only the D.C. sent for payment during the Calender year for which the above report was called for, still 12 cases are pending. Whether the alternative suggested by the Supdt may be adopted in future is for orders

K. Matthan, Esq., B.A.,

Offg. Chief Secretary to the Government of

His Highness the Maharaja of Mysore,

SIR, Bangalore.

With reference to the last para of Government Order No: G.20227-95/P&S 50-19-2 dated 2nd March 1920 calling for a report on the working of the procedure of publishing in the Gazette matter received from the District Boards, Local Bodies and Municipalities immediately on receipt without insisting upon previous payment, I have the honor to state that during the calendar year 1920 from the date of the receipt of the Government Order under reply 28 bills were prepared and sent for payment. Out of these, in four cases only payment was received within one month of the receipt of bills as required in the Government Order, in eleven cases payment was received within a period ranging between two to ~~four~~ three months and in 13 cases no payment has been received but are pending. Three statements showing these transactions are enclosed for kind reference.

The procedure of sending bills after publication has resulted in considerable additional clerical labour viz., valuation and correspondence, contributing not only delay in the preparation of bills in the office but also a much longer delay and laborious correspondence with the Municipalities & Local bodies who have to be kept constantly reminded regarding the early adjustment of their bills. Notwithstanding this, there is no prompt payment and much slackness, delay and confusion have arisen thereby.

I do not see why payment should not be made by the Municipalities before publication. They have to merely send their manuscript, say a week or two in advance, and on intimation being given to them promptly of the cost, they can remit the money to the Treasury at once and as soon as the Treasury Receipt is received in this office, the matter can be immediately ~~be~~ published in the Gazette. This procedure will obviate a good deal of the difficulties cited above and may be kindly sanctioned. It is in existence in the case of the Gazette subscriptions and publication of private advertisements and can be extended to the publication of the notifications as well.

I have the honour to be,

Sir,

Your most obedient servant,

Compiler,

DVS. Mysore Gazette.
